NO TRACE FOUND OF MILROY MAN

Emmett McGinn Mysteriously Missing Since January 12, Suit in Court Today Reveals

WIFE ASKS FOR A RECEIVER

Suit He Filed For Divorce Last Month Not Believed Responsible For His Disappearance

Emmett McGinn, a resident of Milroy, mysteriously disappeared from his home on January 12, and his whereabouts have never been learned, and relatives and friends have instigated a search, but so far no trace can be found of him.

When he left Milroy on January 12, he told friends that he intended to go to Brookville on a business trip and was expected to return home that night, but so far as is known, he never reached Brookville.

A divorce action was begun by him in December against his wife, and she later filed a cross complaint and was allowed \$10 a week support money for the four children and herself.

According to attorneys, the divorce action did not have anything to do with his disappearance. Mrs. McGinn today filed a supplemented cross complaint, in which she sets out the facts that her husband has since departed from Milroy, and asked the court to appoint a receiver. Judge Sparks this morning appointed Edgar Thomas of Milroy to act as receiver.

She alleges in the cross complaint filed today, that her husband is the owner of personal property and money in the bank, to the amount of \$2,500 and that she had been awarded \$10 a week support money, which has not been paid, and the appointment of a receiver will be the means of paying it out of the bank.

She states further that her husband owns rental property and that his brother has been collecting the rents, which should be applied to the bank account, and for this reason she demanded a receiver appointed, until her husband can be located or facts about his disappearance made known.

His disappearance has been the source of worry among his relatives and it is believed that he did not intend to leave, or he would surely have drawn his money from the bank and disposed of his property.

The divorce action has been delayed on account of his disappearance. Besides the wife, there are six children, four of whom are under age of the father's support.

The First National Bank of Mays today dismissed their case against Donel Laughlin, et al., on a suit to collect on a note.

LENTEN DEVOTION SERVICES BEGIN

St. Mary's Church Will Hold Mid-week Services During The 40 Days Prior to Easter

EASTER SUNDAY IS EARLY

Today was the first day of Lent, which begins 40 days before Easter Sunday, and at the St. Mary's Catholic church in this city, Lenten devotion services will be held on Wednesday and Friday nights during the 40 days, with the first service being held Friday night.

These mid-week services will begin at 7:30 and will be in charge of the Rev. Father Francis Schaub. The Friday night services will be "The Way of the Cross and Benediction." On Wednesday night the sermon subject will be "Meditation on the Mass," or some subject similar.

Easter Sunday this year is earlier than for several years past, falling upon March 27. The annual Lenten pastoral letter of the Rt. Rev. Joseph Chartrand, bishop of the Catholic diocese of Indiana, was read at all Catholic churches last Sunday. The letter dealt with Lent, self denial which is to be practiced, and set out the regulations in regard to penance, eating of meats and the precept of fasting.

LEAVES HOUSEBOAT

Harding Prepares to Make Rest of Trip to St. Augustine by Rail

Daytona, Fla., Feb. 9.—President-elect Harding declared his Florida vacation at an end today and prepared to turn his attention once more to the serious problems that must be solved before inauguration day.

Deciding to delay his work no longer because of the delinquency of the houseboat Victoria, which has been stranded two days on a mud flat in Mosquito lagoon, the President-elect packed his belongings early today and made plans to complete the trip to St. Augustine by rail.

CHARLES G. SMYTHE DIES OF PARALYSIS

Veteran Newspaper Subscription Solicitor Expires of Paralysis At Age of 68 Years

WIDOW AND 3 CHILDREN LEFT

Charles G. Smythe, age 68 years, expired today shortly after twelve o'clock, at his home, 710 North Arthur street, following a five weeks illness with paralysis.

The deceased was well known in Rush county, having been engaged as a newspaper subscription solicitor for several publications, and at one time had charge of the circulation department of the Greensburg Times and the Rushville Jacksonian.

Mr. Smythe was taken ill five weeks ago, and he declined rapidly, little hopes having been maintained for his recovery. He is survived by a widow and three children, who are Lester D. Smythe of Richmond, Va., Mrs. Forest Glidewell and Mrs. Carl McWilliams, both of this city.

The funeral services will be held Friday morning at ten o'clock, at the late residence, and burial will be made in East Hill cemetery.

HINT OF WAR WITH THE BRITISH A SENSATION

War Department, However, Denies Responsibility for Statement Regarding American Relations

COMMENT BY LONDON NEWS

(By United Press)
London, Feb. 9.—The warning by an official of the British foreign office that Britain and America might drift into war created a great sensation in England. The foreign office today denied responsibility for the statement but did not deny that it was made.

There has been a drift we can not afford to ignore, the Daily News declared editorially. This newspaper published extracts from the foreign office spokesman's statement as cable back to England from America where the warning was first printed.

The editorial said there is no presence of such friction as would justify war between America and Britain. It was learned that the statement by the foreign office spokesman to the American correspondent was a carefully considered speech which had been approved by high officials.

It was reiterated to the United Press that the phrase of the Anglo-American relation is more serious than it appears on the surface.

Americans here were mystified as to the meaning of the warning. The insistence of a government official that there was a divergence of American and British views that was causing concern, was puzzling to them.

HALF MILLION FIRE LOSS

Detroit, Feb. 9.—Fire of undetermined origin, today destroyed the pier dance hall and the Coliseum, a river front amusement resort, entailing a loss estimated at \$500,000. Several firemen were injured when the roof of the pier hall collapsed. The flames for a time threatened a number of amusement concessions at the Belle Isle bridge approach.

CHOIR PROGRAM TO CLOSE CONFERENCE

DePauw University Singers With Prof. Thompson at Pipe Organ Will Give Sacred Concert

ATTENDANCE BIG SURPRISE

Despite Unfavorable Weather Large Crowds Come For Music Conference at M. E. Church

The conference on music, which opened at St. Paul's M. E. church here Tuesday afternoon, continued throughout today and will close tonight with a program by the choir of the DePauw university school of music, led by Dean Robert G. McCutchan, with Prof. Van Denman Thompson of DePauw at the pipe organ. Tonight's meeting will begin promptly at 7:30 o'clock.

Today's program consisted of a continuation of the consideration of music in the various phases of church work by Dean McCutchan, who spoke at the opening session on "Music in the Sunday School." Dean McCutchan talked at both the morning and afternoon sessions and in addition, there was an address this afternoon by Dr. E. A. Sevringhaus of New Albany. Each address was followed by discussion.

Notwithstanding the muddy roads and the wet, uncertain weather, there were 152 persons present from all parts of the Connersville district of the Indiana conference for the opening session. Today's attendance was regarded as even better and was phenomenal in view of the unfavorable conditions.

Music at this morning's session consisted of an organ voluntary by Mrs. Francis Knecht, organist at St. Paul's church, a duet by the Rev. and Mrs. M. S. Taylor of Shelbyville and solos by Miss Ethel Irwin of Brookville and Dr. Sevringhaus of New Albany. On the program for this afternoon were solos by Mrs. Anna Smith of Delaware, Ohio, and the Rev. Herbert Bassett of Shelbyville, and a duet by Mrs. Smith and Dr. Sevringhaus. This afternoon's session was to close with a session on pipe organ music led by Prof. Thompson.

Last night the church was completely filled and many were standing for the choir festival and the program was pronounced a success. The full surbeled choir of the First church, Connersville, was present, having come, accompanied by forty others, on a special car. A mixed quartet represented the choir of the First Church, Shelbyville, the full choir not being able to come on account of difficulties of transportation. Miss Ethel Irwin represented the Brookville choir. The program was received with enthusiasm throughout.

Yesterday afternoon the New Palestine orchestra of ten pieces gave a program, Sylvan Taylor of Shelbyville gave a saxophone solo, and Miss Hazel McKay of Shelbyville and the Rev. C. A. McCullough of College Corner sang solos.

Dean McCutchan gave a most interesting and helpful talk on music in the Sunday school, which was followed by questions and discussions. He said that investigation in the Greencastle, Indianapolis and DePauw university libraries had revealed that very little had ever been written on the subject of Sunday school music. He said that it ought to be remembered that the Sunday school is a school and the music should be chosen accordingly.

"In schools where all are together, the children ought to have first consideration in the choice of the music," the speaker stated. "The music should be simple and sprightly so as to be suited to their comprehension and to their joyous spirit. Most of the revival song-books are not well suited to Sunday school uses."

He recommended the Children's Hymnal, published by the American Book Co., and the Hymnal for American Youth by Augustine Smith as the best books he knew of for Sunday school purposes, especially the latter. The American supervisors of music in 1914 appointed a committee of three to provide a book for Sunday school uses and the former volume was the result. The latter which is a late volume, was edited

NEW ROAD POLICY IS FIXED BY BOARD

Hereafter Commissioners Will Require Deposit of \$200 With Each Petition for a Highway

FOR PRELIMINARY EXPENSE

No Fund to Meet This Item in Case Bonds are Not Sold—New Procedure on Bond Issues

Before adjourning their monthly session Tuesday afternoon, the board of commissioners fixed a new policy with respect to petitions for new highways, providing that petitioners hereafter would have to deposit \$200 with the auditor when the petition is filed, to pay preliminary expenses, which money will be refunded to the petitioners in the event the road is constructed.

This order, which was made a part of the commissioners' record, was welcomed in many circles because it has long been argued that petitioners should be compelled to make a deposit with each road petition to take care of items for which there is no money in cash the road petition is denied.

Newspaper publishers, the county engineer and road viewers have been especially hard hit in the past because they performed their services before the bond issue was sold, and in case the issue was not disposed of, there was no money to pay the cost of advertising, the fees of viewers and the cost of making the survey and estimate.

The special session of the legislature last summer passed a law guaranteeing the preliminary expenses of a road, and the commissioners are making this order to protect the county, which would have to pay the preliminary expenses out of the general fund where bond issues are not sold, in case the petitioners did not make a deposit.

The contracts for the Elmer Humes and Roy Tunyas highways in Rushville and Anderson townships respectively, which were let Tuesday afternoon, are the first to be awarded in this county since the new law regarding bond issues went into effect. Formerly bond issues had to be approved by the state board of tax commissioners, but under the law passed by the special session of the legislature, effective January 1, 1921, the question of issuing bonds for a public improvement in any township or affecting the county as a whole, shall be passed upon by the county council, providing any number of taxpayers, not less than twenty of the corporation affected, shall file a petition in the auditor's office within fifteen days after the issuance of the bonds shall have been decided upon.

The auditor is required to give legal publication to the fact that the bonds will be issued, and if a petition is filed questioning the hearing, legal publication is also given this fact and the county council shall be called in special session to pass on the bond issue.

On the matter of the Humes road in this township, over which there has been some controversy, it is pointed out that there can be no objection to the improvement on the ground of improved taxation because the Rushville township road fund now has a balance of \$350,000 in it, and the contract for the Humes improvement amounts to only \$83,000.

The order issued by the commissioners regarding their new road policy is as follows:

The board now directs that hereafter when petitioners ask to have filed in the office of the Auditor of this County petitions for the construction of improved highways that petitioners be required by the auditor to deposit with him the sum of two hundred dollars in cash to pay the preliminary expenses, such as making the surveys, estimates, viewers fees and costs of advertising, to be reimbursed to said petitioners in the event said road is constructed; the amount so deposited or so much thereof as may be used to be included in the bond issue ordered and sold for the construction of said improvement; and

HAAGS NOW AT STATE FARM

Make Trip in Their Own Machine to Begin 30-Day Sentence

Indianapolis, Ind., Feb. 9.—Louis E. Haag and Julius A. Haag, Indianapolis druggists, are at the State Farm serving a sentence of thirty days, fixed as their punishment by a jury that tried them in October, 1919 on a charge of violating the prohibition law. They arrived at the institution Tuesday night about 8 o'clock in the custody of George Snider, Marion county sheriff, who had served the commitment papers on them at 3:30 o'clock in the afternoon. The trip to the farm was made in an automobile belonging to the Haag brothers, one of their chauffeurs driving the car.

They were convicted in a trial in criminal court at which Judge Will M. Sparks of Rushville presided as special judge.

ARLINGTON REVIVAL ATTRACTS INTEREST

Services Being Held Indefinitely at M. E. Church by The Pastor, The Rev. R. A. Ulrey

SPECIAL SUNDAY SERVICES

Revival services which are being held at the M. E. church in Arlington each night, have been attracting unusual interest, and last Sunday proved to be a profitable day for the large crowd that attended the all day services.

The meetings will continue indefinitely and baptismal services will be held next Sunday, at which time parents of children are requested to have them at church. The baptismal service will be held immediately following the Sunday morning service, and all who will take part are requested to communicate before time with the minister, the Rev. R. A. Ulrey.

Last Sunday Dr. J. M. Walker of this city, district superintendent, preached the morning service, and was assisted by the Rev. Daniel Ryan of Morristown and the Rev. R. A. Ulrey administered the sacrament. Dinner and supper was served last Sunday in the church by the women, and an all day meeting was held.

The services will continue until further notice with preaching each evening except Saturday at seven o'clock. Good music and gospel preaching is the feature at each service.

LABOR'S BATTLE FOR LIFE OPENS TOMORROW

Verbal Bombardment of Capital Will Take Place in Hearing Before Railroad Labor Board

CLAIM TO HAVE INSIDE DOPE

(By United Press)

Chicago, Ill., Feb. 9.—Labor's verbal bombardment of capital where it charges Wall Street behind railroad owners in the latter's attempt to abolish national working agreements and reduce wages, will take concrete form tomorrow when the representatives of two million railroad employees will give answer to the railroad owners.

Armed with what is termed by railroad union leaders as inside information on the financial situation, Frank Walsh, was speeding here today from New York to attend the hearing before the United States railroad labor board.

Walsh was expected to go before the board with B. M. Jewell, president of the railroad shopmen union, and help labor in its stand against capital.

That the issue between railroad owners and employees is to be the big show down between capital and labor is becoming more apparent than ever.

The American Federation of Labor is ready to go to the mat with capital in the present fight and has indicated the railroad workers will have the support of organized labor in whatever step they take.

GOVERNOR OUT OF PRIMARY BATTLE

Announces He Has Gone as Far as He Can And That Rest Depends on Party Organization

SUGGESTS A REFERENDUM

Plans Being Made For Opponents of Repeal Bill to Meet With Republican State Committee

(By United Press)

Indianapolis, Ind., Feb. 9.—Governor McCray today withdrew from the battle in the legislature over the question of repealing the primary law. The governor has been an ardent booster for abolishment of the primary election system but the bill he first sponsored was defeated in the state senate.

"I have gone as far as I can go," the governor stated, "in the primary fight and I am through with it. I believe it is a party platform provision and the rest depends on party organization."

The governor added, however, he would suggest to the senatorial factors created by the primary scrap that they submit the question to a referendum at the next regular election in 1922.

"There has been much talk what the people want," he said. "I am in favor of letting them tell what they want."

The governor made this assertion as the fight over the primary question was being revised and when it had eclipsed all other measures of interest among general assemblymen.

Plans are being made for a conference between a committee of senators opposed to the repeal of the law and representatives of the republican state central committee.

The senatorial group is composed of Senator Aldredge, Strode, Hartzell, Nejd and Moorehead, all of whom were in a delegation of senators who called upon the governor yesterday to ascertain his position in the matter.

Frederick Schortemeier, secretary of the republican state committee, and United States Senator Harry S. New, were expected to visit the governor's office some time today to learn officially of the executive's action.

While the air in the general assembly room was filled today with differences of opinion in the fight to repeal the primary election law, the legislators were carefully considering other bills. Several committees reported bills and thus paved the way for speeding up the routine business.

The senate passed the Ratts bill making the term of office of attorney general four years instead of two and extending the provisions of the measure to U. S. Lesh, the incumbent. The vote on this bill was along party lines, six democrats opposing it and 37 republicans voting for it.

The Meeker-Bainum bill creating a commission to investigate the practicability of the waterway connecting the Great Lakes and the Ohio river, was also passed by the senate. If the house adopts this bill the commission would report its findings to the 1923 legislature.

AMENDMENT IS LOST

Washington, Feb. 9.—The amendment to the sundry civil bill to increase the appropriation for flood control of the Mississippi Valley from \$6,670,000 to \$10,000,000 was defeated in the senate today.

KILLS IMMIGRATION BILL

Washington, Feb. 9.—The senate immigration committee today voted an unfavorable report on the Johnson bill suspending immigration for a year. The committee will meet tomorrow to frame a substitute measure.

BURGLARS MURDER BABY

Chicago, Ill., Feb. 9.—The three months old baby of Mrs. Pauline Doropowski, 39, was found murdered here today. Three burglars broke into the Doropowski home, stole \$20 in cash and escaped. The baby was found dead when Mrs. Doropowski gained consciousness. It had been chloroformed.

by a professor of Boston University.

Dean McCutchan said that the piano was the preferable instrument for accompaniments in the Sunday school because of the sharpness and sprightliness of its tones, and that in Sunday school orchestras the stringed and reed instruments should predominate, because of the suitability of their tone to blend with the human voice. He deprecated the use of sad and slow hymns in the Sunday school.

BABY GIRL IS BORN

Born to the wife of Frank Y. Thomas of Connersville, Monday morning, a nine pound baby girl. She has been named Mona Frances. Mrs. Thomas was formerly Miss Gladys Goodbar of this city.

\$20 FOR EUROPEAN RELIEF

The sum of \$20 has been contributed to the Rush county fund being raised for European relief. John H. Power and Edward Austen each giving \$10. The money has been forwarded to state headquarters of the European Relief Council by Robert E. Mansfield who is raising the local fund.

KNIGHTS TEMPLAR

Rushville Commandery No. 49 K. T. will confer the Temple degree Thursday evening beginning at 7:30. Sir Knights are requested to be present.

In Self Defense

Many people in this section, as elsewhere, have suffered from rheumatism and kidney trouble and have found Anuric to be the most successful remedy to overcome these painful and dangerous ailments.

Marion, Indiana—"Last fall I had terrible backache, my kidneys did not act freely—just a little, and high-colored. I came into possession of a package of Anuric Tablets and have taken but half of them and hardly know I have a back as far as hurting is concerned. I would advise all who suffer from kidney trouble to try Anuric."

MRS. MARY MURPHY, 1526 West Nelson Street.

SUIT FOR POSSESSION

Mrs. Jeanetta Carr has filed suit for possession of a house against Chauncey W. Duncan, and demands

\$100 damages for its retention. The complaint alleges that the defendant is a renter, and that he has been notified to vacate, but refuses to do so.

'There's No Place Like Home'

—is truly said, and it's surprising what a difference a few carefully selected Draperies will make, and at a small expenditure.

With the approach of warm days, thrifty housewives are taking down their heavy curtains and hangings, replacing them with simpler styles that may be easily laundered.

Daily, we are receiving new draperies and invite you to inspect and examine them at your leisure. We are sure you will find just what you want in the new much wanted patterns with the valance trimming to match.

The Legislative Pace

If the state legislature keeps up the pace which it has set for the first half of the session, it will lay up a record which will not be excelled soon. When the general assembly met Monday, the house and senate were in an unusual position in that there were no bills on third reading on the desks of Lieutenant-governor Branch or Speaker McClure. It is said that this record has never been equalled by any other legislative body in Indiana and it is probably a precedent for legislatures of all other states.

Unusually at the end of the first month, there are scores of bills pending on second and third reading

but so prompt has been the action of the presiding officers and of the members generally, that there has been less delay than ever before.

Among the notable accomplishments of the session thus far is the enactment of the general appropriations bill within three weeks from the opening of the session. This bill has been passed by both the house and senate and while there was a difference of opinion between some of the members of both branches regarding a few minor items, both branches were unusually prompt and efficient in disposing of this bill. The manner in which the leadership has handled the appropriation bill, it is believed, has saved the state a great deal of money as for many years there has been much lobbying at the close of the session to put items into the bills which rather had been kept out but for the confusion and lack of time.

The house has disposed of the specific appropriation bill and there is no doubt that the senate action upon it will be equally prompt. These bills, in spite of the prompt action, have received the most careful and earnest consideration and they will reach the desk of Governor McCray in plenty of time to give him an opportunity to go into every feature of them.

Bills have been introduced to carry out the platform pledges of the party in control and they will be passed within the next few days. One of the most important platform measures provides for a budget system for every state department. This bill is based upon the best features of budget systems of other states and its adoption will mark a long step in advance in the handling of state finances. Under it, Governor McCray will be able to have on his desk weeks before the legislature meets an estimate showing the needs of every department.

Another platform measure now pending provides for changes in the state tax law with the object of checking extravagance wherever it appears. This is an important measure and is receiving careful attention.

Governor McCray is making no effort to interfere with either branch of the legislature and it is apparent that perfect harmony exists between the legislature and the governor and also among the majority members which, it is admitted, accounts largely for the splendid record that is being made.

The Indianapolis News in a cartoon classes all persons opposed to the state constabulary bill with the elements of lawlessness and disorder, which might be resented by some folks who think they are at least entitled to have an opinion.

From Europe, where children are said to be dying from lack of milk the United States during 1920 received 35,000,000 pounds of butter. Why not feed the milk to the children instead of making butter to send to America, where we can make our own?

THE TREND of LEGISLATION

BY GEO. W. STOUT
State Chamber of Commerce

Indianapolis, Ind., Feb. 9—It has been intimated in the last day or two that the State Police bill, recently discussed in the most notable of this year's Senate public hearings, probably will be dropped into the Senate without committee recommendation, to be acted upon by that body uninfluenced by either the favor or the hostility of the committee on military affairs.

In the meantime the friends of the measure, which would provide police protection for the rural districts on adequate lines, to meet modern conditions, and to do the work for which the sheriff-constable system is unfitted and unprepared, are showering the Legislature with insistent messages urging that a State Police Force be established.

While the chief attack aimed at the State Police bill is based upon the "cost" of such a Force, and fact that other states are finding their State Police system practically self-sustaining is not being hidden by the mass of curled verbiage.

One of the big and fundamental matters coming before the Legislature in the present week is the movement initiating in a definite and practical way the great plan for a Gulf to Lakes waterway. Senator Miller and Representative Filbert, it is understood, are to offer a resolution for joint passage putting Indiana in co-operation with fourteen other states in furtherance of the waterway project. Back of the movement in Indiana an active and energetic sense is the Indiana State Chamber of Commerce. Representatives of the State Chamber recently attended a conference of men from fifteen states to plan for the advancement of the Lakes to Gulf improvement. In view of the obvious economic value of this proposed canal of commerce, the Miller-Filbert resolution is sure to arouse general interest and unanimous popular support.

The all-time health officer bill seems to have gained largely in Indiana, both in general support and in legislative approval. It may be said that the present legislature includes very few "stick-in-the-mud" statesmen of the old-time scoffing and reactionary school.

It has not been long, not many sessions, since it was the custom to appropriate \$40,000 for the promotion of the swine-breeding while refusing to set aside \$5,000 with which to help young and ignorant mothers in the saving of the lives of babies. Time after time a certain type of uniformed and bigoted lawmaker, burning with prejudice and ill-advised fervor of opposition, has sought to block all public health legislation in Indiana. Every advance made has been achieved only by fighting every inch of the way.

Following the announcement in 1909 of the "Indiana Idea"—the all-time county health officer plan, Indiana repeatedly rejected the system. Today, however, there is a new and progressive spirit. Men formerly

bitterly hostile now are working for public health measures.

Law-makers are beginning to see the significance of the fact that while Indiana has been repudiating her own original idea, other states have been putting that idea into effect with splendid results. The plan worked out by the Indiana State Public Health Commissioner, Dr. J. N. Hurty, and repeatedly turned down in Indiana, is working in New York, Pennsylvania, Massachusetts, Illinois, Ohio, California, Washington, Kentucky and North Carolina, Alabama and elsewhere.

At a public hearing Monday night it was argued by supporters of the new proposed legislation that trained health officers ought to be employed to devote their entire time to keeping away disease and improving the public health, both as an economic and humane measure.

The County Health Commissioner would be taken from an eligible list made up of persons recognized only after physical and mental examinations. Each county should appoint its own Health Commissioner at a living salary, graded on the number of people served, the amount being fixed by the authorities making the appointment.

The trained Health Commissioner would have certain clearly defined duties and powers. He would keep records of his work. He would be subordinate to the State Board of Health and in co-operation with that Board, being subject to dismissal for causes set out in the law. Such legislation does not mean the creation of a new job. It means efficiency on the old on a fair basis of pay and service. All town health officers would be abolished. It would do away with city health officers and city boards of health in places of less than 10,000 population. This would mean the disappearance of many unnecessary officers now drawing considerable pay for very little work.

With the "cure" doctor hired to do "preventive" work for which he has not been trained, and in which he is not especially interested, and with public health officers competing in medical practice against other physicians, there is not much hope for effective work or for co-operation. The old system fails, and it costs a lot of money to see it register "failure".

To save life and to prevent disease, and to do this service most efficiently, is the matter put up to Legislature by advocates of modern "all-time health officer plan." It is pointed out by the health authorities that there is no economy more important than disease prevention, a public function that ranks along with education in its vital significance.

It is indicated that the primary repeal issue will rise soon again, this time in the House, in the form of the Willis bill. Both elements in the primary argument plan to keep their gas masks at the "alert."

HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. Zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

I.O.O.F. FINALLY

PUTS OVER A WIN

In Third Attempt With Moscow Local Independents Finish Game With Margin of Two Points

NIP AND TUCK ALL THE WAY

Visitors Lead by One Point at Half Time And Pull Out Ahead in Second Frame But Are Headed

The Odd Fellows basketball team counted up a win over the fast Moscow Independents here last night, defeating them by a two point margin, 23 to 21, in a game that was fast and exciting all of the way through.

It was by far the best game seen here for several weeks, because the closeness of the contest held the interest until the final whistle, and at no point in the game was there a difference of four points in the score.

Moscow scored first in the game on a field goal, and then Stoops for the Odd Fellows tied things up, only to have the Moscow team again take the lead. The visiting team had the better of things in the first half and kept a lead almost all of the time, except the Odd Fellows had them one point better, when the score was 7 to 6.

The first half ended, however, with the Moscow team knowing a field goal in the last second of play, giving them the one point lead at half time, 8 to 7.

The Odd Fellows came back strong and fast in the last half, and right at the start, had counted up the score to 12 to 8. The tide then seemed to turn for the locals and they displayed excellent team work, but the Moscow team was not to be put aside with a four point lead, and they opened up on some long shots at the basket that almost seemed impossible.

After continuing their attack on the Odd Fellows for a few moments, the visitors came to within one point of tying the score, 16 to 15, and it was not long until they threw a field goal which put them one point ahead of the Odd Fellows.

Then the Odd Fellows passed the Moscow team by one point and at 19 points the game was tied, with only a few seconds to play. Just before the whistle blew Rushville had counted up their 23 points, and the Moscow team registered a field goal from the center of the floor, and came within close range of tying the count just as the final shot was fired.

The victory last night, even though it was close gives the Odd Fellows an edge on the district championship honors which will be held in Greensburg February 19, because the Odd Fellows have defeated every team that will be contenders at the meet. It was the third game with Moscow, the Odd Fellows having lost the other two games by close scores.

In the curtain raiser last night the Freshmen team from the high school defeated the Junior high school team 22 to 10. The Juniors were ahead in the first half, but the Freshmen came back strong in the final period.

The score and summary of the big game was as follows:

Odd Fellows (23)	Moscow (21)
Stoops	F. Gosnell
Titsworth	F. Gardner
Martin	C. Gosnell
Shaw	G. Abel
Petry	G. Peck

Substitutions: Odd Fellows, Henley for Titsworth, Titsworth for Shaw.

Field goals, Stoops 6, Titsworth, Martin 2, Henley, P. Gosnell 3, Gardner, C. Gosnell 5. Foul goals, C. Gosnell 3, Titsworth 3.

Referee Kirkpatrick.

FACES HARDEST GAME ON WHOLE SCHEDULE

High School Basketball Team Hopes to Make Better Showing Against Shelbyville

SEES BUTLER-FRANKLIN GAME

The Rushville high school basketball team faces the hardest game of its schedule on Friday night, when they journey to Shelbyville to meet the strong team of that city, which promises to figure in the state championship series. Shelby defeated the locals here in December, but since that time a great improvement has come over the Rushville team and they have not lost a game since the Shelby defeat, having won 9 straight games.

The Shelbyville team has won 22 straight victories this season, without a loss of a game, and tonight

TO PLAY AT WEBB'S SCHOOL

The Bob Creek Specials, a basketball team from the Webb school neighborhood, will meet the Rushville Shamrocks Thursday night on the floor at the Webb school, and a good game is expected. The Shamrocks have been playing fast, and the Bob Creek team has some fast players on their line-up.

Mrs. Clara Bebout will be hostess for the members of the Tarry-A-While club Friday afternoon at her home in North Morgan street.

The American Literary Club will meet Friday afternoon at 2:30 o'clock at the home of Mrs. P. H. Chadwick, in North Willow street.

The R. C. S. club will be entertained Friday evening at the home of Mr. and Mrs. Walter Norris living southeast of the city. A special program will be given at this time.

The W. W. T. class of the First Baptist church will meet this evening at 7:30 o'clock at the home of Miss Edna Tacoma in North Mor-

gan streets. All members are urged to be present.

The Woman's Home Missionary Society of the St. Paul's M. E. church will be entertained tomorrow afternoon at 2:30 o'clock at the home of Mrs. Samuel L. Innis in North Perkins street.

The Ladies Aid Society of the First United Presbyterian church was entertained yesterday afternoon at the home of Mrs. Samuel L. Traub in West Seventh street. After an informal afternoon of needle-work light refreshments were served.

Miss Virginia Haydon was hostess for the members of Miss Helen Scudder's Sunday school class of St. Paul's M. E. church last evening at her home in North Main street. Following a business session a social hour was enjoyed and light refreshments were served.

On Friday the Ladies Aid Societies of the Pleasant Ridge and Arlington M. E. churches will hold an all day meeting at the home of Mrs. Ruth Eaton in Arlington. The members of the Helping Hand Society of the Arlington Christian church are also invited. A pitch-in dinner will be served at the noon hour.

Miss Ruth Higgins entertained the members of the A.W.A.S. Present Class of the Main Street Christian Sunday school last evening at her home in North Harrison street. An important business session was held, during which many business matters were discussed. An informal social period followed, during which delicious refreshments were served.

All the children of the Junior League of Arlington are invited to attend the Valentine social to be given at the church Saturday at 2 p. m. Each one may bring a friend. All children who are not members of the league are cordially invited to attend these meetings. Mrs. R. A. Ulrey is the teacher of the primary depart-

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

Use It—Then Decide

Valet AutoStop Razor
Is Complete in Itself

It is more than a razor—more than a safety device.

It is stoppered, it shaves and is cleaned without taking apart; without even removing the blade.

And like a perfectly stoppered ordinary razor, the blade improves with use.

And it doesn't cost you a cent to prove all this to your own satisfaction.

We Will Lend You

A Valet AutoStop Razor for a full thirty day trial. If you then decide to keep it, pay us \$5.00 for it—if not, return it without further obligation.

You Pay Nothing to Try This Razor

Any responsible party can arrange at our Cutlery counter for this Free Trial. If you have a charge account, write to us and we will mail the razor to you.

You are given the opportunity of trying this wonderful Razor, without any kind of risk. For a month your shaving will cost you nothing—then you may return the razor if you can get along without it.

When you buy your Range — Buy a Copper-Clad

OFFICIAL WORD IS SPOKEN TODAY

Election of Harding and Coolidge as President and Vice President Formerly Certified

ELECTORS CAST THEIR VOTE

As Required by Law Senate and House Meet in Joint Session at 1 P. M. and Count the Vote

Washington, Feb. 9.—The election of Warren G. Harding of Ohio and Calvin Coolidge of Massachusetts as President and Vice President of the United States was formally certified and announced today by Vice President Thomas R. Marshall, in the presence of the House and Senate.

Although the country has known ever since the evening of November 2, last, who would be the next occupant of the White House and the new official word which the law makes necessary was not spoken until today.

A month ago, the electors met in the various states and cast their votes. These were sent to the Secretary of State, who in turn transmitted them to the President of the Senate.

As required by law, the Senate and House met in joint session at 1 p. m. today. At noon the two houses met separately and the senate, preceded by two pages bearing the official records from the states, marched into the hall of the House. Vice President Marshall presided over the joint session, and the count of the vote began.

Two tellers acted for the House and two for the Senate. Vice President Marshall opened the certificates of election and other papers relating to the vote, and handed them to the tellers, who read the votes aloud, and recorded them.

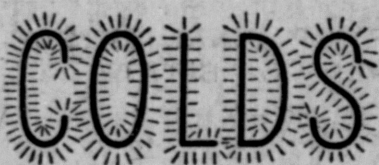

When the list of States had been gone through, the votes were totaled and the result was handed to Marshall, who thereupon formally announced the election of Harding and Coolidge.

No debate or remarks by members of either house were permitted during the session. Any objections which members might wish to voice to the counting of any electoral vote were to be put in writing and considered by the two houses separately.

ment, Mrs. W. E. Wagoner of the junior department and the Rev. R. A. Ulrey of the intermediate department. The league meets every Saturday afternoon at 2 p. m.

Mr. and Mrs. J. H. Stevens delightfully entertained the members of the Country Club last evening at their home in West First street. The evening was enjoyed with games and music and light refreshments were served. Among those present were Mr. and Mrs. Wilbur Warner, son Howard and daughter Gladys, Mr. and Mrs. Bert Gibson and daughter Dorothy, Mr. and Mrs. Riley Stevens and son Herbert, Mr. and Mrs. Ernest Linnville and family, Mr. and Mrs. Willard Brown and Mr. and Mrs. Ernest Mull.

Twenty-five members of the Loyal Daughters class of the Main Street Christian church enjoyed a very unique social evening last night at the home of Mrs. Curtis Hester in West Tenth street. A mock wedding was solemnized, the members of the bridal party being, Miss Sue Feaster, the bride; Mrs. Ida Smith, the bridegroom; Mrs. Albert Allen, the minister; Mrs. Newhouse and Mrs. Barringer, the bridesmaids; Mrs. George Baker, the ringbearer. To the strains of the wedding march, played by Mrs. Hester, the bridal party entered the living room where an impressive ring ceremony was performed. Following the wedding, the bride and the bridegroom were congratulated

"Pape's Cold Compound" is Quickest Relief Known

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks any cold right up.

The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness.

"Pape's Cold Compound" costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

A suit like this is good for every occasion and every figure. In tricotine and full lined.

There's a charm to the new styles in Wooltex Tailor-made

This tailored suit of serge is untrimmed except for the triple cording on the front and back panel, but there's a trimness to it that's unequalled.

And it's a charm that's more than cloth deep. It goes down to the tailoring, to the careful handwork, to the pattern cut lining, to all the little hidden stitches that work together to give Wooltex Tailor-mades their enduring style and to give the woman who wears them, "That Well Dressed Look."

But if you really want to know the best about these new suits come in and try them on. Then you'll see how trim the lines are; you'll know why we recommend Wooltex Tailormades to you as the best values to be had.

and a delicious wedding luncheon was served. The remainder of the evening was spent with an informal social hour.

Honoring the fifth birthday of her little daughter, Mary Rebecca, Mrs. Scott Hosier entertained eight little girls yesterday afternoon with a birthday party. The children enjoyed the hours with juvenile games. At the close of the party the guests were invited into the dining room where delicious refreshments were served. The center of the table was decorated with the birthday cake adorned with five candles. After the little girls were seated at the table the candles were lighted and after they had burned a few minutes the cake was cut and served with ice cream.

This afternoon Mrs. Hosier will entertain a number of little boys honoring the seventh birthday of her son, Scott Frye, Jr. The entertaining features were to be similar to those of yesterday afternoon.

INDIANA FOLKS

Goshen, Ind.:—"It is now about fifteen years since I had a wonderful demonstration with Dr. Pierce's Golden Medical Discovery. I had coughed night and day for a whole year and had lost so much flesh I began to look like a walking skeleton. Two of my sisters had died with tuberculosis and I felt certain that my time had come, too. A friend recommended Dr. Pierce's Golden Medical Discovery to my husband and it gave new strength and vitality right from the start, and in a year's time I was just as strong and hardy as ever."—MRS. ELIZA TETTER, 415 Middlebury St.

Muncie, Ind.:—"When I had a severe cough, night sweats, loss of weight and appetite and the other things that lead to consumption, I was induced to try Dr. Pierce's Golden Medical Discovery. I took it faithfully for about 40 days, and gradually I gained; the cough disappeared and I put on flesh and got strong again. I took no other medicine at the time. I have had no cough for 14 years, since I was cured by 'Golden Medical Discovery.'"—MRS. LUCY MCCOY, 424 So. Madison St.

Amusements

Earle Williams at Princess

"A Master Stroke", which will be shown at the Princess theater today is intensely dramatic. There is an element of suspense that grows to fever heat and keeps the spectator riveted to his seat, breathless, with eyes fastened on the screen, while he fears that the worst will happen and the hero will meet defeat.

The story deals with the adventures of Yale Durant, who is prevented from committing suicide by the private secretary of a friend. He becomes involved in a financial deal and appropriates securities of his employer to aid a financial enemy. His employer learns of the dealing and puts the matter up to Yale. The latter declares that the securities are in the safe. Then follows a wild race on the part of Yale to secure the stocks and return them to the safe before his employer arrives upon the scene.

Vola Vale plays opposite Mr. Williams. She was his leading woman in "The Hornet's Nest". H. A. Barrows, Frank Crayne, Rea Haines, James Warner, John Elliot and Paul Wiegler, all well known players and fan favorites, are other prominent players in the supporting cast. Chester Bennett directed the picture.

Good Supporting Cast

A company of extraordinary strength appears in "The Untamed", a big Tom Mix feature produced by William Fox, which will be the attraction at the Mystic Theatre today.

Pauline Starke, who has played in many of the biggest productions in the history of the motion picture art, supports Mix in the role of Kat Cumberland. She will be remembered for her appealing characterizations in such pictures as "Soldier's of Fortune", "The Little Shepherd of Kingdom Come" with Jack Pickford, "Eyes of Youth" with Clara Kimball Young, "Shoes that Danced", "The Courage of Marge O'Doon" and many other pictures of importance. She began her career as an extra girl with D. W. Griffith, and soon rose to star parts with the Triangle Company.

George Seigmann, who plays Jim

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect.

Silent the outlaw in "The Untamed", is perhaps the best known portrayal of screen villains and "bad man" parts in the motion picture industry. He will always be remembered as the negro henchman in "The Birth of a Nation," after he had similar roles in "Intolerance", "Hearts of the World", "The Little Yank", "Mother Love and the Law" and "The Grafters". Seigmann also is a director of considerable distinction.

Other players of prominence in the cast of "The Untamed" are P. M. McCullough, a distinguished character actor; "Pat" Christman, one of Mix's genuine cowboys, who has proved himself not only a wonderful horseman, but a player of more than ordinary ability; James O. Barrows, Charles K. French, Sid Jordan, J. A. McGuire, Frank M. Clark and Joe Connelly.

"The Untamed" was filmed from the well-known novel by Max Brand.

IT'S WORTH \$10 A BOTTLE, HE SAYS

Ft. Wayne R. R. Man Says He Can Work Full Time in Any Kind of Weather Now

"I am drawing down full-time instead of half-time pay, now thanks to Tanlac", said Anthony Stazak, 433 Buchanan St., Ft. Wayne, locomotive oiler at the Pennsylvania Railroad roundhouse where he has been employed for the past sixteen years.

"I was taken down with sciatic rheumatism about two years ago and was laid up in bed for three months. After I was able to get out I had to hobble around and every time it rained I suffered so bad I wasn't able to leave home. I tried every medicine I ever heard of but nothing did me any good, until I got Tanlac. That's certainly a wonderful medicine. It has helped me so much, if it cost ten dollars a bottle I wouldn't be without it."

"While I still have touches of rheumatism I am so much improved I work all kinds of weather and have got more life and energy than I've had for many a day. I'm on the right shift at the roundhouse but that doesn't bother me like it used to and in the morning when I get home I always do a little work around the house before turning in."

"When a man has tried a lot of medicines and got no good out of them and then finds one that does the work and makes him feel like a new man, of course, he's enthusiastic and that's just the reason I'm so strong for this Tanlac. It's simply a world-beater."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2.—(Advertisement)

Stops Pain Like Magic

In grandmother's day the first thought was Lightning Hot Drops when some one had a pain—and pain vanished every time this old reliable remedy was used.

New fangled and more costly things have won the younger generation away from some of the good old-fashioned remedies, but the demand for Lightning Hot Drops is greater today than ever. Nothing else so quickly relieves cramps, stomach and intestinal pains, rheumatic and neuralgia pain, toothache, earache and similar distress.

Lightning Hot Drops, for internal and external use, costs only 30c and 60c a bottle. At druggists, guaranteed.

NO TRACE FOUND
OF MILROY MAN

Emmett McGinn Mysteriously Missing Since January 12, Suit in Court Today Reveals

WIFE ASKS FOR A RECEIVER

Suit He Filed For Divorce Last Month Not Believed Responsible For His Disappearance

Emmett McGinn, a resident of Milroy, mysteriously disappeared from his home on January 12, and his whereabouts have never been learned, and relatives and friends have instigated a search, but so far no trace can be found of him.

When he left Milroy on January 12, he told friends that he intended to go to Brookville on a business trip and was expected to return home that night, but so far as is known, he never reached Brookville.

A divorce action was begun by him in December against his wife, and she later filed a cross complaint and was allowed \$10 a week support money for the four children and herself.

According to attorneys, the divorce action did not have anything to do with his disappearance. Mrs. McGinn today filed a supplemented cross complaint, in which she sets out the facts that her husband has since departed from Milroy, and asked the court to appoint a receiver. Judge Sparks this morning appointed Edgar Thomas of Milroy to act as receiver.

She alleges in the cross complaint filed today, that her husband is the owner of personal property and money in the bank, to the amount of \$2,500 and that she had been awarded \$10 a week support money, which has not been paid, and the appointment of a receiver will be the means of paying it out of the bank.

She states further that her husband owns rental property and that his brother has been collecting the rents, which should be applied to the bank account, and for this reason she demanded a receiver appointed, until her husband can be located or facts about his disappearance made known.

His disappearance has been the source of worry among his relatives and it is believed that he did not intend to leave, or he would surely have drawn his money from the bank and disposed of his property.

The divorce action has been delayed on account of his disappearance. Besides the wife, there are six children, four of whom are under age of the father's support.

The First National Bank of Mays today dismissed their case against Donel Laughlin, et al., on a suit to collect on a note.

LENTEN DEVOTION
SERVICES BEGIN

St. Mary's Church Will Hold Mid-week Services During The 40 Days Prior to Easter

EASTER SUNDAY IS EARLY

Today was the first day of Lent, which begins 40 days before Easter Sunday, and at the St. Mary's Catholic church in this city, Lenten devotion services will be held on Wednesday and Friday nights, during the 40 days, with the first service being held Friday night.

These mid-week services will begin at 7:30 and will be in charge of the Rev. Father Francis Schaub. The Friday night services will be the Way of the Cross and Benediction. On Wednesday night the sermon subject will be "Meditation on the Mass," or some subject similar.

Easter Sunday this year is earlier than for several years past, falling upon March 27. The annual Lenten pastoral letter of the Rt. Rev. Joseph Chartrand, bishop of the Catholic diocese of Indiana, was read at all Catholic churches last Sunday. The letter dealt with Lent, self denial which is to be practiced, and set out the regulations in regard to penance, eating of meats and the precept of fasting.

LEAVES HOUSE

Harding Prepares to Make Rest of Trip to St. Augustine by Rail

Daytona, Fla., Feb. 9.—President-elect Harding declared his Florida vacation at an end today and prepared to turn his attention once more to the serious problems that must be solved before inauguration day.

Deciding to delay his work no longer because of the delinquency of the houseboat Victoria, which has been stranded two days on a mud flat in Mosquito lagoon, the President-elect packed his belongings early today and made plans to complete the trip to St. Augustine by rail.

CHARLES G. SMYTHE
DIES OF PARALYSIS

Veteran Newspaper Subscription Solicitor Expires of Paralysis At Age of 68 Years

WIDOW AND 3 CHILDREN LEFT

Charles G. Smythe, age 68 years, expired today shortly after twelve o'clock, at his home, 710 North Arthur street, following a five weeks illness with paralysis.

The deceased was well known in Rush county, having been engaged as a newspaper subscription solicitor for several publications, and at one time had charge of the circulation department of the Greensburg Times and the Rushville Jacksonian.

Mr. Smythe was taken ill five weeks ago, and he declined rapidly, little hopes having been maintained for his recovery. He is survived by a widow and three children, who are Lester D. Smythe of Richmond, Va., Mrs. Forest Glidewell and Mrs. Carl McWilliams, both of this city.

The funeral services will be held Friday morning at ten o'clock, at the late residence, and burial will be made in East Hill cemetery.

HINT OF WAR WITH THE
BRITISH A SENSATION

War Department, However, Denies Responsibility for Statement Regarding American Relations

COMMENT BY LONDON NEWS

London, Feb. 9.—The warning by an official of the British foreign office that Britain and America might drift into war created a great sensation in England. The foreign office today denied responsibility for the statement but did not deny that it was made.

There has been a drift we can not afford to ignore, the Daily News declared editorially. This newspaper published extracts from the foreign office spokesman's statement as called back to England from America where the warning was first printed.

The editorial said there is no presence of such friction as would justify war between America and Britain. It was learned that the statement by the foreign office spokesman to the American correspondent was a carefully considered speech which had been approved by high officials.

It was reiterated to the United Press that the phrase of the Anglo-American relation is more serious than it appears on the surface.

Americans here were mystified as to the meaning of the warning. The insistence of a government official that there was a divergence of American and British views that was causing concern, was puzzling to them.

HALF MILLION FIRE LOSS

Detroit, Feb. 9.—Fire of undetermined origin, today destroyed the pier dance hall and the Coliseum, a river front amusement resort, entailing a loss estimated at \$500,000. Several firemen were injured when the roof of the pier hall collapsed. The flames for a time threatened a number of amusement concessions at the Belle Isle bridge approach.

CHOIR PROGRAM TO NEW ROAD POLICY
CLOSE CONFERENCE IS FIXED BY BOARD

DePauw University Singers With Prof. Thompson at Pipe Organ Will Give Sacred Concert

ATTENDANCE BIG SURPRISE

Despite Unfavorable Weather Large Crowds Come For Music Conference at M. E. Church

The conference on music, which opened at St. Paul's M. E. church here Tuesday afternoon, continued throughout today and will close tonight with a program by the choir of the DePauw university school of music, led by Dean Robert G. McCutchan, with Prof. Van Denman Thompson of DePauw at the pipe organ. Tonight's meeting will begin promptly at 7:30 o'clock.

Today's program consisted of a continuation of the consideration of music in the various phases of church work by Dean McCutchan, who spoke at the opening session on "Music in the Sunday School." Dean McCutchan talked at both the morning and afternoon sessions, and in addition, there was an address this afternoon by Dr. E. A. Sevringhaus of New Albany. Each address was followed by discussion.

Notwithstanding the muddy roads and the wet, uncertain weather, there were 152 persons present from all parts of the Connersville district of the Indiana conference for the opening session. Today's attendance was regarded as even better and was phenomenal in view of the unfavorable conditions.

Music at this morning's session consisted of an organ voluntary by Mrs. Francis Knecht, organist at St. Paul's church; a duet by the Rev. and Mrs. M. S. Taylor of Shelbyville and solos by Miss Ethel Irwin of Brookville and Dr. Sevringhaus of New Albany. On the program for this afternoon were solos by Mrs. Anna Smith of Delaware, Ohio, and the Rev. Herbert Bassett of Shelbyville, and a duet by Mrs. Smith and Dr. Sevringhaus. This afternoon's session was to close with a session on pipe organ music led by Prof. Thompson.

Last night the church was completely filled and many were standing for the choir festival and the program was pronounced a success. The full supplied choir of the First church, Connersville, was present, having come, accompanied by forty others, on a special car. A mixed quartet represented the choir of the First Church, Shelbyville, the full choir not being able to come on account of difficulties of transportation. Miss Ethel Irwin represented the Brookville choir. The program was received with enthusiasm throughout.

Yesterday afternoon the New Palestine orchestra of ten pieces gave a program, Sylvan Taylor of Shelbyville gave a saxophone solo, and Miss Hazel McKay of Shelbyville and the Rev. C. A. McCullough of College Corner sang solos.

Dean McCutchan gave a most interesting and helpful talk on music in the Sunday school, which was followed by questions and discussions. He said that investigation in the Greencastle, Indianapolis and DePauw university libraries had revealed that very little had ever been written on the subject of Sunday school music. He said that it ought to be remembered that the Sunday school is a school and the music should be chosen accordingly.

"In schools where all are together, the children ought to have first consideration in the choice of the music," the speaker stated. "The music should be simple and sprightly so as to be suited to their comprehension and to their joyous spirit. Most of the revival song-books are not well suited to Sunday school uses."

He recommended the Children's Hymnal, published by the American Book Co., and the Hymnal for American Youth by Augustine Smith as the best books he knew of for Sunday school purposes, especially the latter. The American supervisors of music in 1914 appointed a committee of three to provide a book for Sunday school uses and the former was the result. The latter, which is a late volume, was edited

Hereafter Commissioners Will Require Deposit of \$200 With Each Petition for a Highway

FOR PRELIMINARY EXPENSE

No Fund to Meet This Item in Case Bonds are Not Sold—New Procedure on Bond Issues

Before adjourning their monthly session Tuesday afternoon, the new policy with respect to petitions for new highways, providing that petitioners hereafter would have to deposit \$200 with the auditor when the petition is filed, to pay preliminary expenses, which money will be refunded to the petitioners in the event the road is constructed.

This order, which was made a part of the commissioners' record, was welcomed in many circles because it has long been argued that petitioners should be compelled to make a deposit with each road petition to take care of items for which there is no money in cash the road petition is denied.

Newspaper publishers, the county engineer and road viewers have been especially hard hit in the past because they performed their services before the bond issue was sold, and in case the issue was not disposed of, there was no money to pay the cost of advertising, the fees of viewers and the cost of making the survey and estimate.

The special session of the legislature last summer passed a law guaranteeing the preliminary expenses of a road, and the commissioners are making this order to protect the county, which would have to pay the preliminary expenses out of the general fund, where bond issues are not sold, in case the petitioners did not make a deposit.

The contracts for the Elmer Humes and Roy Tanyas townships in Rushville and Anderson townships respectively, which were let Tuesday afternoon, are the first to be awarded in this county since the new law regarding bond issues went into effect. Formerly bond issues had to be approved by the state board of tax commissioners, but under the law passed by the special session of the legislature, effective January 1, 1921, the question of issuing bonds for public improvement in any township or affecting the county as a whole, shall be passed upon by the county council, providing any number of taxpayers, not less than twenty of the corporation affected, shall file a petition in the auditor's office within fifteen days after the issuance of the bonds shall have been decided upon.

The auditor is required to give legal publication to the fact that the bonds will be issued, and if a petition is filed questioning the hearing, legal publication is also given this fact and the county council shall be called in special session to pass on the bond issue.

On the matter of the Humes road in this township, over which there has been some controversy, it is pointed out that there can be no objection to the improvement on the ground of improved taxation because the Rushville township road fund now has a balance of \$350,000 in it, and the contract for the Humes improvement amounts to only \$83,000.

The order issued by the commissioners regarding their new road policy is as follows:

The board now directs that hereafter when petitioners ask to have filed in the office of the Auditor of this County petitions for the construction of improved highways that petitioners be required by the auditor to deposit with him the sum of two hundred dollars in cash to pay the preliminary expenses, such as making the surveys, estimates, viewers fees, and costs of advertising, to be reimbursed to said petitioners in the event said road is constructed, the amount so deposited or so much thereof as may be used to be included in the bond issue ordered and sold for the construction of said improvement, and

HAAGS NOW AT STATE FARM

Make Trip in Their Own Machine to Begin 30-Day Sentence

Indianapolis, Ind., Feb. 9.—Louis E. Haag and Julius A. Haag, Indianapolis druggists, are at the State Farm serving a sentence of thirty days, fixed as their punishment by a jury that tried them in October, 1919 on a charge of violating the prohibition law. They arrived at the institution Tuesday night about 8 o'clock in the custody of George Snyder, Marion county sheriff, who had served the commitment papers on them at 3:30 o'clock in the afternoon. The trip to the farm was made in an automobile belonging to the Haag brothers, one of their chauffeurs driving the car.

They were convicted in a trial in criminal court at which Judge Will M. Sparks of Rushville presided as special judge.

ARLINGTON REVIVAL
ATTRACTS INTEREST

Services Being Held Indefinitely at M. E. Church by The Pastor, The Rev. R. A. Ulrey

SPECIAL SUNDAY SERVICES

Revival services which are being held at the M. E. church in Arlington each night, have been attracting unusual interest, and last Sunday proved to be a profitable day for the large crowd that attended the all day services.

The meetings will continue indefinitely and baptismal services will be held next Sunday, at which time parents of children are requested to have them at church. The baptismal service will be held immediately following the Sunday morning service, and all who will take part are requested to communicate before time with the minister, the Rev. R. A. Ulrey.

Last Sunday Dr. J. M. Walker of this city, district superintendent, preached the morning service, and was assisted by the Rev. Daniel Ryan of Morris town and the Rev. R. A. Ulrey administered the sacrament. Dinner and supper was served last Sunday in the church by the women, and an all day meeting was held.

The services will continue until further notice with preaching each evening except Saturday at seven o'clock. Good music and gospel preaching is the feature at each service.

LABOR'S BATTLE FOR
LIFE OPENS TOMORROW

Verbal Bombardment of Capital Will Take Place in Hearing Before Railroad Labor Board

CLAIM TO HAVE INSIDE DOPE

(By United Press)

Chicago, Ill., Feb. 9.—Labor's verbal bombardment of capital where it charges Wall Street behind railroad owners in the latter's attempt to abolish national working agreements and reduce wages will take concrete form tomorrow when the representatives of two million railroad employees will give answer to the railroad owners.

Armed with what is termed by railroad union leaders as inside information on the financial situation, Frank Walsh, was speeding here today from New York to attend the hearing before the United States railroad labor board.

Walsh was expected to go before the board with B. M. Jewell, president of the railroad shopmen union, and help labor in its stand against capital.

That the issue between railroad owners and employees is to be the big show down between capital and labor is becoming more apparent than ever. The American Federation of Labor is ready to go to the mat with capital in the present fight and has indicated the railroad workers will have the support of organized labor in whatever step they take.

GOVERNOR OUT OF
PRIMARY BATTLE

Announces He Has Gone as Far as He Can And That Rest Depends on Party Organization

SUGGESTS A REFERENDUM

Plans Being Made For Opponents of Repeal Bill to Meet With Republican State Committee

(By United Press)

Indianapolis, Ind., Feb. 9.—Governor McCray today withdrew from the battle in the legislature over the question of repealing the primary law. The governor has been an ardent booster for abolishment of the primary election system but the bill he first sponsored was defeated in the state senate.

"I have gone as far as I can go," the governor stated, "in the primary fight and I am through with it. I believe it is a party platform provision and the rest depends on party organization."

The governor added, however, he would suggest to the senatorial factors created by the primary scrap that they submit the question to a referendum at the next regular election in 1922.

"There has been much talk what the people want," he said, "I am in favor of letting them tell what they want."

The governor made this assertion as the fight over the primary question was being revised and when it had eclipsed all other measures of interest among general assemblymen.

Plans are being made for a conference between a committee of senators opposed to the repeal of the law and representatives of the republican state central committee.

The senatorial group is composed of Senator Aldredge, Strode, Hartzell, Nejd and Moorehead, all of whom were in a delegation of senators who called upon the governor yesterday to ascertain his position in the matter.

Frederick Schortemeier, secretary of the republican state committee, and United States Senator Hurry S. New, were expected to visit the governor's office some time today to learn officially of the executive's action.

While the air in the general assembly room was filled today with differences of opinion in the fight to repeal the primary election law, the legislators were carefully considering other bills. Several committees reported bills and thus paved the way for speeding up the routine business.

The senate passed the Ratts bill making the term of office of attorney general four years instead of two and extending the provisions of the measure to U. S. Lesh, the incumbent. The vote on this bill was along party lines, six democrats opposing it and 37 republicans voting for it.

The Meeker-Bainum bill creating a commission to investigate the practicability of the waterway connecting the Great Lakes and the Ohio river was also passed by the senate. If the house adopts this bill, the commission would report its findings to the 1923 legislature.

AMENDMENT IS LOST

Washington, Feb. 9.—The amendment to the sundry civil bill to increase the appropriation for flood control of the Mississippi Valley from \$6,670,000 to \$10,000,000 was defeated in the senate today.

KILLS IMMIGRATION BILL

Washington, Feb. 9.—The senate immigration committee today voted an unfavorable report on the Johnson bill suspending immigration for a year. The committee will meet tomorrow to frame a substitute measure.

BURGLARS MURDER BABY

Chicago, Ill., Feb. 9.—The three months old baby of Mrs. Pauline Doropowski, 39, was found murdered here today. Three burglars broke in to the Doropowski home, stole \$20 in cash and escaped. The baby was found dead when Mrs. Doropowski gained consciousness. It had been chloroformed.

The Legislative Pace

If the state legislature keeps up the pace which it has set for the first half of the session, it will lay up a record which will not be excelled soon. When the general assembly met Monday, the house and senate were in an unusual position in that there were no bills on third reading on the desks of Lieutenant-Governor Branch or Speaker McCray. It is said that this record has never been equaled by any other legislative body in Indiana and it is probably a precedent for legislatures of all other states.

Unusually at the end of the first month, there are scores of bills pending on second and third reading.

Grove's Iron Tonic Syrup

Pale Children Need Iron

Iron in Syrup form is more readily digested and assimilated than Iron Pills or Iron Tablets, and naturally you get quicker results. The Iron in GROVE'S IRON TONIC SYRUP is digested as soon as it is swallowed and, therefore, is promptly assimilated. You can soon feel its strengthening, invigorating effect.

The Syrup is flavored and children love to take it. Contains no laxatives or other poisonous drugs, therefore, it can be given to The Babe, The Child, The Mother or The Grandmother with perfect safety. 75c.

THE TREND of LEGISLATION

BY GEO. W. STOUT
State Chamber of Commerce

Indianapolis, Ind., Feb. 9.—It has been intimated in the last day or two that the State Police bill, recently discussed in the most notable of this year's Senate public hearings, probably will be dropped into the Senate without committee recommendation, to be acted upon by that body uninfluenced by either the favor or the hostility of the committee on military affairs.

In the meantime the friends of the measure, which would provide police protection for the rural districts on adequate lines, to meet modern conditions, and to do the work for which the sheriff-constable system is unfitted and unprepared, are showering the Legislature with insistent messages urging that a State Police Force be established.

While the chief attack aimed at the State Police bill is based upon the "cost" of such a Force, and fact that other states are finding their State Police system practically self-sustaining is not being hidden by the mass of curled verbiage.

One of the big and fundamental matters coming before the Legislature in the present week is the movement initiating in a definite and practical way the great plan for a Gulf to Lakes waterway. Senator Miller and Representative Filbert, it is understood, are to offer a resolution for joint passage putting Indiana in co-operation with fourteen other states in furtherance of the waterway project. Back of the movement in Indiana an active and energetic sense is the Indiana State Chamber of Commerce. Representatives of the State Chamber recently attended a conference of men from fifteen states to plan for the advancement of the Lakes to Gulf improvement. In view of the obvious economic value of this proposed canal of commerce, the Miller-Filbert resolution is sure to arouse general interest and unanimous popular support.

The all-time health officer bill seems to have gained largely in Indiana, both in general support and in legislative approval. It may be said that the present legislature includes very few "stick-in-the-mud" statesmen of the old-time scoffing and reactionary school.

It has not been long, not many sessions, since it was the custom to appropriate \$40,000 for the promotion of the swine-breeding while refusing to set aside \$5,000 with which to help young and ignorant mothers in the saving of the lives of babies. Time after time a certain type of uniformed and bigoted lawmaker, burning with prejudice and ill-advised fervor of opposition, has sought to block all public health legislation in Indiana. Every advance made has been achieved only by fighting every inch of the way.

Following the announcement in 1909 of the "Indiana Idea"—the all-time county health officer plan, Indiana repeatedly rejected the system. Today, however, there is a new and progressive spirit. Men formerly

bitterly hostile now are working for public health measures.

Law-makers are beginning to see the significance of the fact that while Indiana has been repudiating her own original idea, other states have been putting that idea into effect with splendid results. The plan worked out by the Indiana State Public Health Commissioner, Dr. J. N. Hurty, and repeatedly turned down in Indiana, is working in New York, Pennsylvania, Massachusetts, Illinois, Ohio, California, Washington, Kentucky and North Carolina, Alabama and elsewhere.

At a public hearing Monday night it was argued by supporters of the new proposed legislation that trained health officers ought to be employed to devote their entire time to keeping away disease and improving the public health, both as an economic and humane measure.

The County Health Commissioner would be taken from an eligible list made up of persons recognized only after physical and mental examinations. Each county should appoint its own Health Commissioner, at a living salary, graded on the number of people served, the amount being fixed by the authorities making the appointment.

The trained Health Commissioner would have certain clearly defined duties and powers. He would keep records of his work. He would be subordinate to the State Board of Health and in co-operation with that Board, being subject to dismissal for causes set out in the law. Such legislation does not mean the creation of a new job. It means efficiency on the old on a fair basis of pay and service. All town health officers would be abolished. It would do away with city health officers and city boards of health in places of less than 10,000 population. This would mean the disappearance of many unnecessary officers now drawing considerable pay for very little work.

With the "cure" doctor hired to do "preventive" work for which he has not been trained, and in which he is not especially interested, and with public health officers competing in medical practice against other physicians, there is not much hope for effective work or for co-operation. The old system fails, and it costs a lot of money to see it register "failure."

To save life and to prevent disease, and to do this service most efficiently, is the matter put up to Legislature by advocates of modern "all-time health officer plan." It is pointed out by the health authorities that there is no economy more important than disease prevention, a public function that ranks along with education in its vital significance.

It is indicated that the primary repeal issue will rise soon again, this time in the House, in the form of the Willis bill. Both elements in the primary argument plan to keep their gas masks at the "dirt."

HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. Zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching, burning, and smarting. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

Amusements

Earle Williams at Princess

"A Master Stroke," which will be shown at the Princess theater today is intensely dramatic. There is an element of suspense that grows to fever heat and keeps the spectator riveted to his seat, breathless, with eyes fastened on the screen, while he fears that the worst will happen and the hero will meet defeat.

The story deals with the adventures of Yale Durant, who is prevented from committing suicide by the private secretary of a friend. He becomes involved in a financial deal and appropriates securities of his employer to aid a financial emergency. His employer learns of the dealing and puts the matter up to Yale. The latter declares that the securities are in the safe. Then follows a wild race on the part of Yale to secure the stocks and return them to the safe before his employer arrives upon the scene.

Vola Vale plays opposite Mr. Williams. She was his leading woman in "The Hornet's Nest." H. A. Barrows, Frank Crayne, Rea Haines, James Warner, John Elliot and Paul Wiegler, all well known players and fan favorites, are other prominent players in the supporting cast. Chester Bennett directed the picture.

Good Supporting Cast

A company of extraordinary strength appears in "The Untamed," a big Tom Mix feature produced by William Fox, which will be the attraction at the Mystic Theatre today.

Pauline Starke, who has played in many of the biggest productions in the history of the motion picture art, supports Mix in the role of Kat Cumberland. She will be remembered for her appealing characterizations in such pictures as "Soldier of Fortune," "The Little Shepherd" or "Kingdom Come" with Jack Pickford, "Eyes of Youth" with Clara Kimball Young, "Shoes that Danced," "The Courage of Marge O'Donn" and many other pictures of importance. She began her career as an extra girl with D. W. Griffith, and soon rose to star parts with the Triangle Company.

George Seigmann, who plays Jim

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect.

Silent the outlaw in "The Untamed," is perhaps the best known portrayal of screen villains and "bad man" parts in the motion picture industry. He will always be remembered as the negro henchman in "The Birth of a Nation" after he had similar roles in "Intolerance," "Hearts of the World," "The Little Yank," "Mother Love and the Law" and "The Grafters." Seigmann also is a director of considerable distinction.

Other players of prominence in the cast of "The Untamed" are P. M. McCullough, a distinguished character actor, "Pat" Christman, one of Mix's genuine cowboys, who has proved himself not only a wonderful horseman, but a player of more than ordinary ability; James O. Barrows, Charles K. French, Sid Jordan, J. A. McGuire, Frank M. Clark and Joe Connelly.

"The Untamed" was filmed from the well-known novel by Max Brand.

IT'S WORTH \$10 A BOTTLE, HE SAYS

Mr. Wayne R. R. Man Says He Can Work Full Time in Any Kind of Weather Now

"I am drawing down full-time instead of half-time pay, now thanks to Tanlac," said Anthony Stazak, 433 Buchanan St., Ft. Wayne, locomotive oiler at the Pennsylvania Railroad roundhouse where he has been employed for the past sixteen years.

"I was taken down with sciatic rheumatism about two years ago and was laid up in bed for three months. After I was able to get out I had to hobble around and every time it rained I suffered so bad I wasn't able to leave home. I tried very medicine I ever heard of but nothing did me any good, until I got Tanlac. That's certainly a wonderful medicine. It has helped me so much, if it cost ten dollars a bottle I wouldn't be without it."

"While I still have touches of rheumatism I am so much improved I work all kinds of weather and have got more life and energy than I've had for many a day. I'm on the right shift at the roundhouse but that doesn't bother me like it used to and in the morning when I get home I always do a little work around the house before turning in."

"When a man has tried a lot of medicines and got no good out of them and then finds one that does the work and makes him feel like a new man, of course, he's enthusiastic and that's just the reason I'm so strong for this Tanlac. It's simply a world-beater."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Maunilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2. (Advertisement)

Stops Pain

Like Magic

In grandmother's day the first thought was Lightning Hot Drops when some one had a pain—and pain vanished every time this old reliable remedy was used.

New fangled and more costly things have won the younger generation away from some of the good old-fashioned remedies, but the demand for Lightning Hot Drops is greater today than ever. Nothing else so quickly relieves cramps, stomach and intestinal pains, rheumatic and neuralgia pain, toothache, earache and similar distress.

Lightning Hot Drops, for internal and external use, costs only 30c and 50c a bottle. At druggists—guaranteed.

OPEN FROM 7:00 A. M. TO 8:00 P. M.

COMELLO SHOE HOSPITAL

\$1

WHICH IS THE MOST DECORATIVE?

A plain or a figured wall The question is asked us daily. The figured paper in the soft tones with plain hangings should one be used, can not be beaten. You have the warmth of the touch of color and the richness of the not too prominent design.

LET US SHOW YOU.

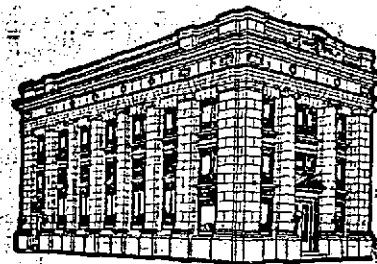

We are headquarters for what is newest and best in decorative WALL PAPERS.

Get your name in now. If you wish us to save a date for you. It costs no more to have your decorating correctly executed—and it's a lot more satisfactory.
